

GEAT III Goal 6
Minutes
Monday, April 5, 2019
2:00 – 3:00 p.m.

The GEAT Goal 6 group met to identify the question group that each member would be responsible for preparing a draft version of the final report. The drafts will be shared with anticipated inputs from the entire group for additional insights and final edits prior to a finalized report.

The following questions were grouped by Heidi to organize writing assignments.

Group 1 Heidi Hamilton

Group 2 Deborah Hann

Group 3 Alivia Allison

1. To what extent are faculty intentionally including connections to other disciplines in their General Education courses? in their other courses?
 - What are the disciplines being emphasized?
 - Are these disciplines within or external to the department affiliated with the General Education course being assessed?

2. How are faculty including multiple disciplinary perspectives in their curriculum and what types of learning experiences are being provided?

Are faculty assessing student learning related to the ability to explore, compare, and apply knowledge from multiple disciplines?

3. Are students enhancing their abilities to make connections between disciplines as they complete the General Education Program?
How can we better assess the students' capabilities to make useful interdisciplinary connections?
